#### An overview of our Digital Learning Hub

Aspiration Training's Digital Learning Hub gives you access to various online resources to support your learning. The Hub contains resources separated into **course sites**, and you may have been given access to one or more course sites, depending on your needs. For example, you may have a site to support an apprenticeship and another to support the development of your functional skills in Maths.

Aspiration Training's Digital Learning Hub can be found here:-

https://learning.aspirationtraining.com

Your log in details will be provided to you by your tutor. For help on logging in, please see our guide here - Learner User Guide - How to Log in.

For an overview of the Learning Hub, access our online guide - Learner User Guide - Overview of the Digital Learning Hub. Once logged on to the system, a full suite of guides is available to you from the Learning Hub.

To use the Learning Hub, the system requirements are modest. You will need a reliable internet connection and a web browser.
